BEFORE YOU BEGIN

How to use this tracker.

Use one tracker per goal. Keep it in your binder next to your envelopes so every contribution feels like a small, visible win.

01

Choose one goal. A trip, a gadget, an emergency cushion or a gift. Make it specific.

02

Set your numbers. Write the target amount, start date and the date you want to finish.

03

Pick a rhythm. Weekly, every cutoff or monthly. Work out how much each contribution should be.

04

Log each contribution. Record the date, amount and new running total.

05

Colour the grid. Each square is 1% of your target. Shade a square for every 1% you save.

06

Celebrate the finish. Fill in the finish line page when you reach your target.
